PNC360S Push-To-Talk Over Cellular Radio The Power of Simplicity

Overview

Hytera PNC360S Push-to-Talk over Cellular (PoC) radio simplifies the way to communicate with your teammates. This radio can be operated on the widely available public network to deliver instant communications at the push of a button. It is the best choice for those engaged in supermarkets, hotels, logistics, industrial parks, urban and property management, and more.

With its compact and ergonomic design, the PNC360S is easy for one-handed use. The built-in high power speaker delivers loud and clear audio so that you never miss any word in highly noisy environments. The 4,000 mAh battery can outlast your shift on a single charge. Certificated with IP67 and MIL-STD-810H, the PNC360S is durable and reliable to be used in the toughest conditions.

Best-in-class audio

The PNC360S provides loud and clear audio even in noisy environments. The 3.0-watt built-in speaker ensures speech loudness, and the distortion suppression and noise cancellation technologies are adopted to boost the audio clarity. With the howling suppression algorithm, no feedback howling occurs between two radios within 3 meters.

Longer-lasting battery

The PNC360S comes with a 4,000 mAh battery that provides power for an entire shift easily on a single charge. The fast charging gives you hours of power in minutes of charge.

4000mAh

Compact and portable

With 26.5 mm thickness, the PNC360S is compact and superbly portable. It fits comfortably in your palm or pocket. The enhanced ergonomic design, especially the one-sided key layout, makes the radio easier to use with one hand. And the anti-slip texture surface can reduce accidental drops even in moist conditions.

Reliable and durable

Certified with IP67 rating and MIL-STD-810H standard, the PNC360S is made tough to withstand water, dust, shock, extreme temperatures, and sudden drop up to 1.2 meters. It always performs as expected in any harsh environments.
